DECLARATION
ON
“The European Charter for Researchers
&
The Code of Conduct for the Recruitment of Researchers”

The Cyprus Institute of Neurology and Genetics (CING) welcomes the initiative of the European Commission concerning the *European Charter for Researchers* and the *Code of Conduct for the Recruitment of Researchers*.

In 2006, the Cyprus Institute of Neurology and Genetics decided to fully support the general principles and requirements laid out in the *European Charter for Researchers* and the *Code of Conduct for the Recruitment of Researchers*.

The Cyprus Institute of Neurology and Genetics as a bi-communal, nonprofit, academic organization is dedicated to lessening the suffering of patients and their families and preventing diseases through patient care, research and educational programmes on neurological and genetic conditions.

The Charter and the Code will constitute the general policy framework guiding the research activities of the Institute

Dr. Philippos Patsalis
Chief Executive Medical Director
